State Home mission board:

We would like to ask you to adopt this plan for the state home mission board. We want to retain our work on this basis, we would keep our home mission fund to assist any Free Will Baptist evangelist or preacher in holding revivals in the weak churches not able to support an evangelist or assist him in revivals in any new fields with all the work being done through this board. If this plan is adopted we want every pastor, evangelist and church to work with the board and keep on the look out for any field of this sort to work in and bring such report to the board. We will try to do all we can to branch out.
